ANOTHER WORLD WAR ON THE HORIZON

DIPLOMATIC DIFFICULTIES FOLLOWS ARREST OF SOVIETS

If Russia Goes To War With China the Bolsheviks Will Have a Proposition On Their Hands For Other European and Asiatic Nations Will Not Stand Any of Her Machinations—America Is Watching the Soviet Government's Manuevers Closely.

The drive of the Cantonese for the city of Soochow, China, and the attendant threat on Shanghai were overshadowed momentarily by the possibility of strained relations between the Peking government and Moscow growing out of the arrest of Mme. Borodin, wife of the adviser to the Cantonese government, and three Soviet couriers.

While Mme. Borodin is in the hands of General Chang Tsung-Chang, who now is defending Shanghai, there are contradictory reports as to the fate of the three other Russian emissaries. Despite reports from Chinese sources that the three had been executed as spies, it is generally believed that they have been shot.

Chinese authorities declare there have been increasing indications that large numbers of Cantonese emissaries have been bound northward in an endeavor to stir up trouble among the workers. Every precaution already has been taken to prevent an influx of these agitators into Shanghai, Tientsin and other northern centers.

It is charged that the Soviet steamer Pamiat Lenina, on which Mme. Borodin and the couriers were seized by a squad of white Russians attached to the army of Chang Tsung-Chang had tons of Red propaganda tracts aboard and only a few pounds of tea.

Representations have been made by the Soviet embassy at Peking to the government authorities there protesting against the arrest of the Russians and demanding their immediate release.

While the military situation between the Cantonese and the northern forces is developing steadily, the question of propaganda is troubling the northern commanders, since it is interfering with their transportation of troops.

Intimidation is reported to be playing a considerable part in the southerner's propaganda campaign, the trouble spreading from the Shanghai-Nanking railway workshops to the locomotive drivers and firemen of the Shanghai-Hangchow line.

Threats against the lives of non-strikers have been so numerous that the military authorities are placing escorts aboard locomotives. Nevertheless, many engineers are refusing to report for duty.

The Tientsin-Pukow line is now being devoted entirely to the movement

of troops, all passenger traffic being suspended with the consequences that coastal steamers plying to the north are crowded.

The Soviet government renewed its demand on Peking that Mme. Borodin, wife of Michael Borodin, adviser to the Cantonese, and the three Soviet couriers arrested Saturday on the Soviet vessel Pamiat Lenina, be released immediately.

The demand was sent to the Chinese mission in Moscow and was a reinforcement of a previous note on the matter sent to the Peking authorities.

Mme. Borodin, who only recently was in Shanghai, is the wife of the Cantonese adviser, who the Soviet authorities some time ago denied was officially associated with the Soviet government. All reports thus far have indicated that she was not included in the execution orders which are said to have been given.

Covers were laid for Mr. and Mrs. Marion, Professor and Mrs. M. C. Warren, Mr. and Mrs. Walter J. Marion, Mr. and Mrs. W. S. Gearhart and Mr. and Mrs. Terwilliger. The numbers of candles on the birthday cake were not counted, but there were enough to satisfy the young celebrants who are on this side of fifty.

The Sauk and Fox Indians are both of the Algonquin tribe. Sauk is translated "people of the yellow earth," in contradistinction from "red earth people," a name of the Foxes. NEW THERE WAS LOOPHOLES IN CRABBE LAW

Superintendent E. J. Moore,
of the Ohio Anti-Saloon
League Now Admits.

The Ohio Anti-Saloon League knew there was a loophole in the Crabbe prohibition enforcement law and last January assisted in drafting the Marshall bill, now pending before the code committee of the state legislature, which would put justices and mayors on a more limited fee basis.

This statement was made, in effect, Wednesday by Dr. E. J. Moore, superintendent of the Ohio league.

"We assisted in drawing up the Marshall bill in January because we knew there was a loophole in it," Dr. Moore said. "It has been apparent for some time that there was a possibility of a test case reaching the supreme court. Personally, I never have been in favor of allowing latitude for a dishonest judge to discriminate against a person on trial," said Dr. Moore.

Ohio Anti-Saloon League officials have received a letter from Wayne B. Wheeler, national counsel, advising them to give all their effort to bring about passage of the Marshall bill. He declared that, in his opinion, the fee plan was the only point about the mayors' and justices' courts attacked in the United States supreme court ruling and asked that he be kept informed of developments in the Ohio situation.

FORTY HOMMES AND 8 CHEVAUX LOCAL VOITURE

Instituted by Chillicothe, Assisted by Lancaster and Columbus Voitures.

The playground order of the American Legion "Forty et 8" was instituted in this city Wednesday evening by a Chillicothe voiture, assisted by Lancaster and Columbus voitures.

A parade was staged by the visitors carrying the candidates in army transport trucks. A mounted cannon and machine gun were fired at intervals, and the noise of the shots being fired, put one in mind of the enemy taking the "Old Town." Some people rushed out of the movie theater and thought burglars had staged a hold-up on the First National bank. After the parade the boys repaired to the G. A. R. post rooms and initiated a class of seventeen voyagers. The initiation was followed by a banquet.

The following officers were elected: Captain Chas. S. Gusman, chef de Gaure; John Bolender, chef detrare; Cliff White, commissaire intendente; Chris C. Schwarz, correspondent; Robert Young, conducteur; Joseph Lynch, commissaire of voyageurs; George Leist, Garde dela Porte; Bruce Briggs, Lam Piste; Howard Irwin, Garde des prisonaire; Carl Hermann and John Ryan, cheminots. The other voyagers were John Goodchild, Dr. H. D. Jackson, Morris Boggs, Dr. Lloyd Jones, Captain Stanley Stevenson and General George Florence.

Improved Uniform International Sunday School Lesson
(By REV. P. B. FITZWATER, D.D., Dean of the Evening School, Moody Bible Institute of Chicago.)
(© 1927, Western Newspaper Union.)

Lesson for March 13
MAKING THE WORLD CHRISTIAN

LESSON TEXT—Matt. 28:16-20; Acts 1:6-15.
GOLDEN TEXT—Go ye therefore and teach all nations.
PRIMARY TOPIC—Telling Everybody About Jesus.
JUNIOR TOPIC—Winning the World for Christ.
INTERMEDIATE AND SENIOR TOPIC—How We Can Spread the Gospel.
YOUNG PEOPLE AND ADULT TOPIC—Christian Missions the Hope of the World.

I. The Great Commission (Matt. 28:16-20).

1. When and where given (v. 16). It was shortly before the ascension in a mountain in Galilee where the disciples met Jesus according to appointment.

2. The foundation upon which the commission rests (vv. 17, 18).

In order to prepare the disciples to receive this commission, Christ declared to them that all power in heaven and in earth was given unto Him. Before the disciples would enter upon the execution of this commission they must be convinced of His Lordship. To create doubt in the minds of believers as to the deity of Jesus Christ is to cut the nerve of missionary endeavor.

3. What the commission is (vv. 19, 20).

1. "Go—teach all nations" (v. 19). This means make disciples of all the nations, not Jews merely.

(2) "Baptize them in the name of the Triune God" (v. 19).

Those who have become disciples of the Lord should receive the rite which signifies their relation to him.

(3) "Teach them to observe all Christ's commandments" (v. 20).

Those who have become Christ's disciples should be taught obedience to all His commandments.

4. The promise attached (v. 20).

Those who obey the king in evangelizing the world have the promise of His unfailing presence.

II. Forbidden by the Holy Spirit to Preach in Asia Minor (Acts 16:6-8).

The inclination of Paul and his companions was to tarry in Asia Minor preaching the Word, but contrary to their inclination they were hurried along. We have here a fine lesson on divine guidance. The Holy Spirit is just as active and faithful in closing doors as in opening them. "The stops as well as the steps of good men are ordered of the Lord." We ought as truly to recognize God's hand in the "shut-ins" as in the "open-outs."

III. The Call to Macedonia (Acts 16:9-12).

The gospel having broken the confines of the Jewish city and country, the middle wall of partition having been abolished, the time has come for it to leap across the Aegean sea and begin its conquest on another continent.

1. The vision (v. 9).

Being hemmed in on all sides, a vision was given to Paul of a man of Macedonia pleading for help. This made plain to him the closed doors about him. In finding the divine will, we should look both ways.

2. The advance (vv. 10-12).

As soon as the divine way was known they moved forward therein.

IV. The First Convert in Europe (vv. 13-15).

The devout people were accustomed to worship by the riverside. To this humble gathering Paul came and preached to the women assembled there. A certain woman from Thyatira named Lydia, a proselyte, believed his message and was baptized.

The steps in Lydia's conversion are worthy of note for they are typical:

1. Attendance at the place of worship (v. 13).

Usually those whom God is calling are found at the place of prayer.

2. Listening to the preaching of the Word of God (vv. 13, 14).

The instrument used in the conversion of sinners is the Word of God (Rom. 10:17).

3. Her heart was opened by the Lord (v. 14).

Only the Lord can convert a soul. It is our business to preach the Word of God, and it is God's business to open the heart of the inquirer.

4. She was baptized (v. 15).

Every one whose heart the Lord has opened desires to confess Him in baptism.

5. Her household believed (v. 15).

When one is converted those in the home will find it out.

6. Practiced hospitality (v. 15).

Those who have experienced God's saving grace are thus disposed to have part in His work by rendering aid to His ministers.

Pursuit of Happiness

Many people are on the wrong scent in pursuit of happiness. They think it consists in having and getting, and being served by others. It consists in giving and in serving others.—Herald of Gospel Liberty.

Salvation

Salvation is not from you, nor in you, nor by you, nor of you, but only in Christ, and by Christ, and of Christ, but thanks be to God is for you.—Central Bible Hall Record.

IN MEMORIAM

Editor Union-Herald — J. Kirk Fissell was born August 26, 1882, at Darbyville, Pickaway county, Ohio. His parents were John A. and Frances Kirkendall Fissell, both deceased.

The family removed to Circleville, Ohio, when Kirk was four years old. He married Miss Dee Cummins, of Circleville on October 5, 1905. He was educated in the public schools of Circleville and started in the trade of printer as an apprentice for the Union-Herald at Circleville and remained with this newspaper ten years.

He removed to Dayton, Ohio, in 1911 and became connected with the printing department of the Cash Register and was with this company seven years. When the McCall Publishing company moved to Dayton he transferred to that company and became foreman of the composing department a position he was filling at the time of his death. He had been engaged in the profession for many years and was a master of his calling, receiving the admiration and respect of all who knew him. He numbered his friends by his acquaintances. He died very suddenly on the morning of March 9, 1927, leaving to mourn his loss his widow, and one son, Elston, one brother, Charles A. Fissell, of Indianapolis, Indiana, and two sisters, Mrs. Minnie Snyder of Indianapolis, Indiana, and Mrs. S. E. Hosler of Kingston. Less than a year ago Mr. Fissell lost his youngest sister, Mrs. Ralph Metzger, of Kingston, which was a severe blow. His death was due to angina pectoris.

Funeral services will be held at the family home in Dayton Thursday morning at 8 p. m. and burial in Forest cemetery at Circleville at 11:30 a. m., Friday, March 11.

PROFESSING CHRISTIANS MUST FORGIVE

Said Miss Banning the Evangelist in Order to be Saved.

Another sermon by Miss Banning at the Evangelical church revival Wednesday evening.

First, we will look a moment at the man, John who preached this sermon; John was a marvelous man, a man that came into the world for a certain purpose. He was to be the forerunner of Jesus Christ. He came into the world a holy man for his purpose was so holy. And He prayed. One day John said, "Behold the Lamb of God which taketh away the sins of the world," and the people left John and followed Jesus. John decreased but Jesus increased.

"Prepare ye the way of the Lord and make His paths straight." If you want God to come and dwell in your heart, how careful you should be to clean out every corner of your soul and prepare the way for His. Then He does His work.

Bring forth, therefore, fruits meet for repentance. In other words, you do something that shows godly sorrow for sins. What are the fruits meet for repentance. In the first place you must be sorry enough to sin to quit, to forgive everybody that have anything against. Some professing Christians will not speak or shake hands with each other. Why, if you are going to get saved you will have to forgive freely.

If you want to get right with God you must be willing to make every crooked path straight.

WILL HOLD INQUEST**Coroner Will Probe Murder of Man Charged Against Woman.**

Dayton, March 8.—(UP).—Coroner J. F. Lawrence today announced he will hold an inquest Thursday into the death of Charles Carter, 41, who died recently under unusual circumstances.

Mrs. Elizabeth Foltz of Findlay, is held in connection with the death, following her confession that she gave Carter poison in order to make him sick, believing that such treatment would cure him of the drink habit.

Detectives are awaiting word from Youngstown, believing that perhaps the death of William Foltz, the woman's second husband may have been irregular.

Another great inventor—the man who writes the label for the bottle.

FALL FROSTS ARE FACTORS IN PLANTING**Potatoes Yield Most in Ohio When Planted in the Later Part of May.**

The first frost in the fall tells how early to plant potatoes in a community.

Frosts in various parts of the state do not come at the same time. In Ohio, the time of the first killing frost ranges from October 5 to October 30, E. B. Tussing, extension specialist in vegetable gardening at the Ohio State university, points out.

The experiment station has found that the highest yields of potatoes at Wooster were made within a 20-day planting period, when thoroughly sprayed. The period starts about May 15 and ends June 2.

Later plantings all yield considerably lower. According to Mr. Tussing, plantings later than the first week in June did not give the crop time to mature. This gave a crop of potatoes that were not full grown. The storage of the seed was prolonged until it took a great deal of vitality from the seed. These seeds grew into less vigorous plants than earlier planted from the same potatoes.

Potatoes planted in a hot soil have a tendency to rot. This reduces the stand. Some authorities attribute the tubers that are abnormally elongated or discolored internally to hot, dry weather. The Russet Rural is one of the varieties that has been found most tolerant to unfavorable potato weather in Ohio.

Farmers may obtain detailed data of killing frosts from Bulletin 399, at the Ohio Experiment Station at Wooster.

DONAHEY VETOES CITY EXPENSE BILL

Columbus, March 9.—Governor Donahey used his veto authority, Tuesday, for the first time on measures enacted by the present assembly, disapproving a bill by Senator Gillen of Jackson county, providing that cities may pay the expenses of their officers in attending meetings of associations of city officials. He declared the measure merely "sets up another lobby at state expense."

The governor signed the Augler-Ball corporation code which recodifies the laws governing the working of corporations.

Tobacco Grown in North
Although tobacco is commonly thought of as a plant grown in the South, considerable is grown in the northern states. Especially is this true of Connecticut, where in the Glastonbury district are many fields of it, but other states in that vicinity produce material for many "smokes."

SPRING

Spring, about which the poets rave, seems to be arriving gradually although the early riser this morning could note traces of frost on the low places. The warm weather which came Saturday and lasted over Sunday bringing the rain with it also brought the crocuses and other early blooming plants up for air and along the street this morning regardless of Jack Frost and his icy fingers two yellow Spring flowers were blooming luxuriantly and their sisters and brothers who had been sleeping in the same bed over winter were awakened and showing signs of arising also.

Mr. Ground Hog failed to keep his promise this year and we have heard many reasons for his failure but none that can be really depended upon as coming from headquarters.

There is little doubt of the merchants' readiness for Spring and the weather man who wishes to keep in good standing with his fellow men and especially his merchant friends will see to the matter of seasonable weather.

Practically every local store has been ready for some time with their Spring merchandise and in most cases have been patiently awaiting customers who have been in their turn patiently awaiting the coming of weather that would permit them to appear in the finery of the season without fear of being overtaken by Jack Frost or some of his relatives.

The beautiful sunshine which this season brings works not alone for those who are fortunate enough to be the possessors of raiment for the occasion but to those who are forced through lack of funds to delay their purchases for a time may count themselves very unfortunate as the same sun that shows the new gowns up, also shows with a degree of selfishness the bare places and shabbiness of the others.

Yes a little Spring sunshine will work wonders on the dispositions of the merchants and help the pretty, lucky little wives whose doting husbands refuse them nothing to prepare at least a few very good meals.

So here's to the Spring Sunshine, regardless of our threadbare looking garments.

HICKMAN CASE ON APPELLATE COURT DOCKET

Attorneys For John Hickman To Make Effort To Save Him From Chair.

The court of appeals will convene in Chillicothe on March 17 to consider the case of John Hickman, plaintiff in error, against the State of Ohio, defendant in error.

John Hickman, as the actual slayer of Officer Dan Garrett, on October 14, was sentenced December 20, 1926, to die in the electric chair April 8. His attorneys, L. M. Day and C. B. Rais appealed the case on error, after Hickman was convicted of first degree murder on two counts; first, for the malicious and unlawful slaying of Dan Garrett, and second, for the unlawful killing of Daniel Garrett, a police officer.

Hickman has just thirty days to live before paying the penalty for his crime. He will start the death march to the Ohio penitentiary electric chair shortly after sundown on April 8, unless the court of appeals issues a stay of execution in case it has not finished its deliberations. Hickman can only be saved from the chair by the court of appeals unholding the error contentions and reversing the lower court or by an appeal to the supreme court, or by a commutation of sentence to life imprisonment by the governor.

Judge J. D. Sayre will be unable to attend the session of the court of appeals due to illness, and Judge Wade Cushing, of the first district court of appeals, Cincinnati will sit in his place.—Chillicothe News-Advertiser.

Flax Production

Under average conditions the harvesting time for flax is about eighty days after planting, though this period may vary from 70 to 100 days, according to the season. Extremely hot and dry weather will shorten the growing period, while cool, damp weather tends to lengthen it.

AMUSEMENTS

"The False Alarm," the Columbia fire thriller, now showing at the Met theater, is one of the most entertaining films of the season. There is nothing faked about the fire scenes in this film, and they are assembled in a way that successfully sustains the vivid vein of suspense threaded throughout. One of the best casts that could possibly have been selected for the story, appears in the picture, containing names that are reminiscent of many other popular film successes. They are Ralph Lewis, one of the screen's best character actors, Mary Carr veteran of mother roles; John Harron, brother of, and similar to the famous Bobby now deceased; Dorothy Revier, talented as an actress and also a prize winning beauty; George O'Hara, who made a recent hit with John Barrymore in "The Sea Beast" William Franey, Lillian Leighton and Arthur Hoyt, creating the comedy of the picture and Priscilla Bonner, also well known, who gives one of the best performances in the picture.

The story contains a real moral embodied in the courage of a coward, who feared fire and resolved to conquer himself by taking a job in a steel mill, tending the great furnaces. Scenes in the steel mill are thrilling. The scene where John Harron as Joe Casey, rushes to the rescue of a fellow laborer about to be burned to death by an overflow of molten metal from a swinging crucible is tremendously realistic. In short "The False Alarm" is one of the hits of the season for realism and human interest. The director, Frank O'Connor, has succeeded in stamping romance into a production that is frankly melodramatic.

OPPOSES CATTLE TEST

Suit To Enjoin State Inspection Filed By Trumbull County Farmer.

Warren, March 8.—Opposition to state inspection of cattle for tuberculosis took a definite form today with the filing of an injunction suit in Trumbull County Common Pleas Court by Clifford B. Wade, Orangeville dairy farmer, against Leslie Tarbell, an agent of the State Board of Agriculture.

The petition seeks to prevent Tarbell from making a test on the grounds that the disease often is communicated by these tests. Wade also charges that condemned cattle are valued only at \$80 a head, which is not their true value when they are registered cattle.

Christianity made such progress that in the Fourth century, Caesarea Philippi had become the seat of the bishopric of Phoenicia. SINCLAIR WINS**FIRST CLASH**

Washington, March 8.—(UP.)—The Senate oil investigators' right to force answers from Harry Sinclair, millionaire oil operator in their 1923-24 investigation was questioned this afternoon by Martin Littleton of Sinclair counsel in Sinclair's trial here on charges of contempt of the Senate.

In the course of a clash over admission of testimony from former Senator Alva Adams, Democrat, Colorado, as to the background of questions which Sinclair refused to answer, Littleton declared the Senate was without jurisdiction.

Many of the matters about which the committee sought information belonged rightly to the courts, he said.

"At the time the questions were put to Mr. Sinclair," he said, "the government had instituted action in the courts to break a lease. A grand jury had been called. It was in this state of affairs that Mr. Sinclair refused to answer."

The government lost in its first clash; for Justice Hitz ruled it could not continue questioning Adams on what was on his mind when he put certain inquiries to Sinclair during the oil hearings.

When Adams sought to make a statement in the course of the court argument, Littleton abruptly stopped him.

"You are not in the Senate now," he snapped. "Now we have you where there are some rules and regulations and you will obey them."

FASHION SHOW**FOR LARGER WOMEN**

To be held at Friedman's store Monday, March 14.

In keeping with the modern trend for specialization this well known firm who have realized the importance of taking care of the apparel requirements of women who wear the larger sizes, have made special arrangements to have the Fashion Advisers from New York—who are themselves large women and who will give a Fashion Show for larger women exclusively, in the Ready-to-Wear Department.

The newest Spring and Summer modes including Coats, Dresses and Millinery for larger Women will be worn by the New York models. A most interesting feature of this event will be the fact that the ladies of this community will have the services gratis, of the Fashion experts in charge of the show who will give personal advice in the selection of Coats and Dresses that will be most becoming to the individual requirements of each customer.

A great deal of interest has already been aroused, as it has been rumored that the ladies from New York are bringing with them some of the very latest models.

There will be special models for short women who wear larger sizes in addition to those modes that will be shown for the taller woman.

The store wishes to state that all women who wear sizes 38 to 54 are cordially invited to attend this event; those who wish to avoid the crowds and receive the careful attention of the ladies in charge are advised to come in the morning. 9mchd1.

A little girl at the dinner table was given a dish of noodles. The mother noticed that she was eating nothing but the soup, leaving the noodles. She asked her why she did not eat the noodles, too. Unconcernedly she answered, "Can't catch 'em."—Christian Evangelist.

INCREASE IN OUTPUT OF MEAT INDUSTRY

Washington, March 8.—Wholesale slaughtering and meat packing plants were reported by the commerce department today to have had a total output in 1925 valued at \$3,050,286,291, an increase of 18 per cent over 1923, the preceding census year.

"Every item," the department said, "shows an increase in value as compared with 1923, but decreases in quantities appear for fresh and cured pork and for lard. For nearly every product the rate of increase in price was greater than that in quantity, or an increase in price was accompanied by a decrease in quantity."

Leading items entering into the total for 1925 were: Fresh beef, 5,064,507,621 pounds, valued at \$661,103,013; fresh pork, 2,827,926,362 pounds, \$516,468,750; cured pork, smoked, 1,236,004,732 pounds, \$336,121,817; cured pork, not smoked, 2,059,932,717 pounds, \$415,682,687; lard, 1,672,334,129 pounds, \$279,624,570.

Animals slaughtered were: Beeves, 10,853,921, an increase of 6.6 per cent; calves, 5,775,640, increase 13.2 per cent; sheep and lambs, 13,616,405, increase, 3.2 per cent; hogs, 48,072,511, decrease 15.7 per cent.

NATIONAL CENTER OF POLITICAL CORRUPTION

The Baltimore Evening Sun remarked editorially the other day that Ohio has no serious rival in the whole bright galaxy of states as the national center of political corruption, being worse than Illinois or Pennsylvania or any other commonwealth you can think of, and we were just about to call up our lawyer and instruct him to bring suit for \$500,000 damages when, reading on, we discovered that one of the grounds for this seemingly libelous charge is that the headquarters of the Anti-Saloon League is in our midst and we are now writing the editor of The Evening Sun, a good old scout named Hamilton Owens, asking him how much we owe him for helping us tease the hardened old professional reformers.—O. S. Journal.

WILMINGTON BILL VOTE RESCINDED

Columbus, March 9.—Vote by which the Wilmington College subsidy bill was passed last week was rescinded, late Tuesday, in the House of Representatives.

The action of the House was on a motion to reconsider its previous approval of the subsidy measure.

Vote on the motion was 68 to 69. The bill is now in the position of never having been passed by the House, although it is in possession of the Senate bearing House amendments.

The bill was passed by the House last Wednesday by a vote of 72 to 39, receiving only three more than the number of votes it required.

The measure, sponsored by Senator L. T. Marshall of Greene county, and Representative E. R. Hazard, of Clinton county, appropriates \$112,000 for Wilmington College, a Quaker institution in Clinton county, for a teachers' training department.

Great Jewel Display

The great Melureichen collection of colored diamonds that was one of the glories of the Austrian crown jewels is dispersed. If you would see diamonds masquerading as emeralds or tricked out in the borrowed hues of topaz or ruby, turquoise or sapphire, you must go one day to the De Beers museum at Kimberley. If you love gems it will be worth the journey.—Exchange.

British Gold Coinage

The standard gold of British coins contains twenty-two twenty-fourths (carats) of fine gold and two twenty-fourths of alloy. The fineness is 22 carats out of 24, which is equal to 916.16 out of 1,000. The standard silver for coinage consists of one-half silver, one-half alloy. The melting of British gold and silver coin is prohibited.

THE JURY'S VERDICT

IS \$50,000.
FIFTY thousand dollars! Your home, your savings all must go to satisfy it—and all you can accumulate until the judgment is satisfied,

Your mind flashes back over the accident—a slippery street, a dark, rainy night; you didn't see the man until your headlights showed him a few feet away; and you jammed on the brakes and swerved your car—but too late. It might happen to you. Such accidents occur constantly. And \$50,000 verdicts today are not uncommon.

Protect yourself with adequate liability and property damage insurance. A policy with \$25,000—\$50,000 limits costs only little more than your \$5,000, \$10,000 policy.

One of World's Wonders

The hanging gardens of Babylon consisted of trees and flowers apparently planted upon the roof of some building. The structure was one square terrace built upon another to about 150 feet in height and resting upon hollow pillars of burnt brick which were filled with earth. For irrigation, water had to be pumped up from the Euphrates river.

Improved Uniform International Sunday School Lesson
(By REV. P. B. FITZWATER, D.D., Dean of the Evening School, Moody Bible Institute of Chicago.)
(© 1927, Western Newspaper Union.)
Lesson for March 13

MAKING THE WORLD CHRISTIAN

LESSON TEXT—Matt. 28:16-20; Acts 18:6-15.
GOLDEN TEXT—Go ye therefore and teach all nations.

PRIMARY TOPIC—Telling Every-body of Christ.
JUNIOR TOPIC—Winning the World for Christ.
INTERMEDIATE AND SENIOR TOPIC—How We Can Spread the Gospel.
YOUNG PEOPLE AND ADULT TOPIC—Christian Missions the Hope of the World.

I. The Great Commission (Matt. 28:16-20).

1. When and where given (v. 16). It was shortly before the ascension in a mountain in Galilee where the disciples met Jesus according to appointment.

2. The foundation upon which the commission rests (vv. 17, 18).

In order to prepare the disciples to receive this commission, Christ declared to them that all power in heaven and in earth was given unto Him. Before the disciples would enter upon the execution of this commission they must be convinced of His Lordship. To create doubt in the minds of believers as to the deity of Jesus Christ is to cut the nerve of missionary endeavor.

3. What the commission is (vv. 19, 20).

1. "Go—teach all nations" (v. 19). This means make disciples of all the nations, not Jews merely.

(2) "Baptize them in the name of the Triune God" (v. 19).

Those who have become disciples of the Lord should receive the rite which signifies their relation to him.

(3) "Teach them to observe all Christ's commandments" (v. 20).

Those who have become Christ's disciples should be taught obedience to all His commandments.

4. The promise attached (v. 20).

Those who obey the king in evangelizing the world have the promise of His unfailing presence.

II. Forbidden by the Holy Spirit to Preach in Asia Minor (Acts 16:6-8).

The inclination of Paul and his companions was to tarry in Asia Minor preaching the Word, but contrary to their inclination they were hurried along. We have here a fine lesson on divine guidance. The Holy Spirit is just as active and faithful in closing doors as in opening them. "The steps as well as the steps of good men are ordered of the Lord." We ought as truly to recognize God's hand in the "shut-ins" as in the "open-outs."

III. The Call to Macedonia (Acts 16:9-12).

The gospel having broken the confines of the Jewish city and country, the middle wall of partition having been abolished, the time has come for it to leap across the Aegean sea and begin its conquest on another continent.

1. The vision (v. 9).

Being hemmed in on all sides, a vision was given to Paul of a man of Macedonia pleading for help. This made plain to him the closed doors about him. In finding the divine will, we should look both ways.

2. The advance (vv. 10-12).

As soon as the divine way was known they moved forward therein.

IV. The First Convert in Europe (vv. 13-15).

The devout people were accustomed to worship by the riverside. To this humble gathering Paul came and preached to the women assembled there. A certain woman from Thyatira named Lydia, a proselyte, believed his message and was baptized.

The steps in Lydia's conversion are worthy of note for they are typical:

1. Attendance at the place of worship (v. 13).

Usually those whom God is calling are found at the place of prayer.

2. Listening to the preaching of the Word of God (vv. 13, 14).

The instrument used in the conversion of sinners is the Word of God (Rom. 10:17).

3. Her heart was opened by the Lord (v. 14).

Only the Lord can convert a soul. It is our business to preach the Word of God, and it is God's business to open the heart of the inquirer.

4. She was baptized (v. 15).

Every one whose heart the Lord has opened desires to confess Him in baptism.

5. Her household believed (v. 15).

When one is converted those in the home will find it out.

6. Practiced hospitality (v. 15).

Those who have experienced God's saving grace are thus disposed to have part in His work by rendering aid to His ministers.

Pursuit of Happiness

Many people are on the wrong scent in pursuit of happiness. They think it consists in having and getting, and being served by others. It consists in giving and in serving others.—Herald of Gospel Liberty.

Salvation

Salvation is not from you, nor in you, nor by you, nor of you, but only in Christ, and by Christ, and of Christ, but thanks be to God is for you.—Central Bible Hall Record.
